XPS-G2
XTREME PROTECTON SERIES

WWW.PATRIOT3.COM

Patriot3's X-treme Protection Series shield is high threat protection designed for maximum versatility, superb mobility, and ease of use. The XPS's unique, US Patent protected design incorporates the first ever, Folding Ballistic Wings. The optional ballistic wings are added to provide a wide area of coverage beyond that of the base unit, and can be mechanically articulated.

*XPS-G2 with optional ballistic wings shown

*XPS-G2 base unit shown

The optional wing grips enables each wing panel to be removed quickly to act as an independent shield.

Threat Level NIJ-3 OR NIJ-4
Fragmentation level: MIL-STD 662F (V50)

OPTIONAL wing kit provides large team protection area (62" x 74")

4" x 12" ballistic viewport and steel gun port included on base unit

Front Wheels: 10" Solid Core Fixed
Rear Wheels: Casters With Brakes

Collapsible for easy transport and storage

THE MECHANICAL ARTICULATION ENABLES THE XPS TO PASS THROUGH MOST DOORWAYS AND THEN EXPAND TO RESUME ITS LARGER AREA OF PROTECTION.

A VARIETY OF ACCESSORIES ARE AVAILABLE FOR THE XPS, INCLUDING THE MIGHTY NIGHT LIGHT SYSTEM, CUSTOM ROLLING STORAGE CASE, AND ADDITIONAL WING VIEWPORTS, GUN PORTS, AND WING GRIP HANDLES.
