**LADDER
SHIELD**

WWW.PATRIOT3.COM

Patriot3's U.S. Patented Ladder Shield is the only ballistic shield and ladder combination available. Its lightweight design, access capabilities, versatility, and two protection levels make it the top choice of all law enforcement officials worldwide. The Ladder Shield includes four reinforced aluminum steps that also function as the shields grip handles. Stainless Steel Spikes keep the shield safely in position while utilizing the "ladder" function. Optional Mighty Night Spot Light available upon request.
